No. 2.

THEY SAY.

Chickens will come home to roost.

Look out for The BEE's school of printing.

Be truthful, it will pay.

Your duty is to be honest to your friends.

North Carolina is doing her duty towards the negro.

Cheatam is placing his state in line.

Do as you think best.

Think well and talk accordingly.

There are several candidates for the Excise Board.

Don't be disturbed, the country is safe.

C. M. Smith should be recognized.

Organize republican league clubs.

W. J. Bryan is making campaign literature.

Do honest and brave deeds.

Register Lyons is making a model officer.

The Spanish-American war is still at fever heat.

Tramps are numerous and are being sent down.

Let us have peace in the nation.

Some people are hoping for better days.

Down with traitors is the war cry now.

Do as you think best, it pays some times.

Col. Bill Brooker will be the boss in the east.

It is easier some times to walk across a stream than it is to swim.

All this world is suffering with war fever.

Bright and better days are coming.

Lawyer Jones made a good speech in the Smith case.

In 1900 the democratic party will have a fight to a finish.

Some men cannot stand prosperity.

Public Printer Palmer is waiting for the President's decision.

Down with the traitors is the watchword now.

Before it was decided to enlist colored troops there was a kick.

Now that they have begun to enlist and send them to the front, there is harder kick being made.

George G. Smith has been appointed to a clerkship in the treasury department.

Justice Bradly is a positive man.

When you fall out with your friend don't tell his secrets.

Don't do evil for evil, it is a bad policy.

Don't be too positive about a thing that you are not certain of.

Be just in your dealings with mankind.

You should not forget your duty to your home.

Editor Thompson is getting some nerve in him.

The applicants for the Excise Board are Daniel Murray, John F. Cook, P. B. S. Pinchback and others.

The woods are full.

A dark horse will win the prize.

There is no doubt about that.

Commissioner J. W. Ross has a host of friends.

His popularity doesn't extend alone in this city.

Don't forget the world is a stage.

What can you expect from nothing.

If you do your duty nothing more can be expected.

Don't be disturbed in mind when you do your duty.

FALSE THEORY.

A very prominent colored Baptist minister, in this city, and who is well known to the editor of this paper, in his discourse a few Sunday mornings ago, among other things said, that "women dressed to catch men." Such a remark has a double meaning, and from what we believe, is a reflection on females. This same individual takes more pains to dress himself in the latest fashion than any woman we know. The great trouble with colored ministers is, that they are continually meddling with things that do not concern them. We would suppose that a minister would advise his congregation to dress; but, perhaps these advocates of such a false theory are of the opinion that their rations would be cut off. Colored ministers should talk about other things, and allow the women to do their dressing and other things that are not immoral.

Does the minister with his long Prince Albert coat, fancy necktie, linked cuffs and gold sleeve buttons, dress to catch the girls? Take care, brother.

NEGRO EDITORS.

The Daily Post, one of the best known papers in this country, has taken exceptions to what the negro editors have said relative to the discrimination against the enlistment of the negro troops and the refusal of the government to commission colored officers. The Post would have the country to believe that negro editors are mere babies and it is a condescension on the part of the Post to give them passing notice. So far as THE BEE is concerned, it has no apology to make to its contemporaries for what it has said in defense of the negro and against the seeming discrimination of those who are mustering in the colored troops.

HE DOESN'T KNOW.

From the New York Age.

Well, who is Col. L. M. Saunders, and where did he get his military title, and what practical purpose would such a league serve?

For the benefit of our most distinguished contemporary, the New York Age, we desire to say that Col. L. M. Saunders is a white gentleman who served with distinction in the late war of the rebellion. He is the national committeeman for the District of Columbia, representing the republican leagues and clubs of the United States, duly appointed at the last convention of republican clubs. He was formerly the president of the Ohio National Bank and is worth about two millions of dollars. He is a thorough white man who has no prejudices and a gentleman of honor and integrity. The national republican party is of the opinion that the national league of republican clubs are great acquisitions to the party. The editor of the Age, to the contrary notwithstanding.

Something seemed to have effected the upper story of the Post.

If we get no general we do no fighting. You may call it disloyalty or anything you please.

The Daily Post is suffering with chronic rheumatism.

NEGRO ORGANS AND LEADERS.

From the Daily Post:

We have very little time to waste on the negro newspapers and so-called leaders who do not approve of The Post. It is of absolutely no consequence to us whether they approve or disapprove. Their ridiculous claims to "recognition" are only tiresome. Their criticisms and denunciations of this paper affect us or intelligent public opinion about as much as the idle summer zephyr sways the Washington Monument. All this nonsensical uproar has arisen over the demands of certain negro military organizations to be accepted intact, with their officers, &c., and made part of the army without question, and the ground upon which they base the preposterous assumption is their alleged ability, training, fitness, patriotism, and all the rest of it. As we say, this is too absurd for argument. The white military regiments have not been accepted on such terms—why the negro regiments? The truth of the matter is that these noisy complainers do not represent even their own race, excepting perhaps, the impudent and troublesome element of it, and are entitled to no more consideration than we propose to give them now. The negroes can enter the army as the whites do—leaving the government to appoint the officers—or they can stay out of it. The only people who are drawing the color line are the negroes themselves. Whites are contented to be treated as individuals. The negro leader insists that his race must be treated as a whole. If there is a color line to-day let us be to blame for it. If the authorities decline to admit their claims it is because those claims are impudent and silly. There is just one result the negro organs and leaders can accomplish by all the pestiferous uproar, and that is to convince the whites that they are tractable and malapropos. We finally succeed in implanting that conviction in the nation's mind who will discover that the white man intends to govern in his own way and for his own benefit. They can then stay here or go elsewhere as they prefer, but in neither event will they affect the destiny of the United States or change the fixed purpose of those who rule it.

The above excerpt from the Daily Post convinces us that our esteemed contemporary is suff ring from nervous prostration. The Negro leaders and journals must be affecting the appetite of the Post, because its dyspeptic utterances indicate to us that the colored leaders and editors have touched our temporary in a tender spot. Both the Post and the Negro have made the mistake by exposing to the world their weakness. In the first place, the Negro asserted when he was talked of before the war between the United States and Spain, that he did not intend to fight; that thousands of Negroes were being butchered in the South without cause, and that it was about time for the American government to protect their citizens at home before he asks the Negro to fight a foreign foe who has done nothing against the Negro. Well, at the time the government was about to act upon the Negro's suggestion, there came a protest from all over the country that the Negro is being discriminated against. Thus, "the tempest in a teapot." You can, as the Post says, send protests from all over the country to the effect that the Negro is not wanted; that he must have recognition or he will know the reason why. With what avail?

Well, the next public statement we read is, the government thinks that the Negro will make a good soldier, and that he is just the person to send front. Great Caesar! Why was this ever published? The natural presumption is, as the Post says, that the Negro does not know what he wants. He is being accepted as a soldier and that does not satisfy him; the government has decided to send him front and that doesn't seem to satisfy him. The Post takes exception because the Negro wants to be a colonel. Our contemporary should not take exception to this, because the Negro is like the Post—dyspeptic.

It is true that this is a white man's government, and a barbarous one at that. Citizens are murdered and lynched without judge or jury, and because we demand recognition according to merit, we are told that we are impudent and troublesome. We do not ask that our race be treated as a whole any more than the white man. That is the great trouble with the white man today, he does not know how to discriminate between an educated and refined Negro and a boot-black. The common "dago" is treated with

more consideration than the best educated colored man.

ACT NOW.

Why should we wait until the war is over before we call a meeting of the Afro-American League. This is a white man's war with which the negro has nothing to do, so we are informed. We don't want any negro league called in Washington to enable office holders and cowardly negroes to control it. New York is the place to hold such a convention and it should be held soon. Delays are dangerous. Pay no attention to trimmers and apologetics.

Mr. Corbin of the war department is not inclined to appoint negro generals.

THE UNITED STATES NAVY.

The lack of trustworthy information concerning our navy, has induced the editors of the *Scientific American* to publish a Special Navy Supplement which is certainly unique amongst many magazines constituting our current periodical literature. Its hand-some illustrations, its simple descriptions enables one almost at a glance to comprehend the essential features in the construction and manipulation of our ships. In this admirable publication will be found our battle-ships "Indiana," and "Massachusetts," with their ponderous guns and powerful engines; the "Columbia" and "Minneapolis," destroyers of commerce; the monitors "Amphitrite" and "Miantonomoh," illustrated by excellent sectional views showing the construction and manipulation of their huge targets and guns; the swift torpedo boats "Porter" and "Bailey," the "Vesuvius" with her three dynamite guns, and "Katahdin" with her formidable ram—both of them types of vessels found in no other navy of the world. The "Holland" submarine boat is also represented. To assist the reader in ascertaining the exact extent of Spanish possessions in the West Indies, an accurate, colored map of Cuba accompanies the paper.

—Say our own Captain Mahn; "with persons of average decision of character and of average openness of mind, the wider the attention paid to the contemporaneous development of naval material under the advances of science, the more doubtful and ill-defined inclined to become the mental appreciation of existing condition." It is this very perturbation of mind, this lack of clearness of thought regarding our warships, that a publication of this nature is well calculated to remove.

It is sold for 25 cents, by all news-dealers and by the publishers, Messrs. Mun & Co., 361 Broadway, New York.

FRUIT RECEIPT BOOK FREE.

The Editors of *Fruit* are compiling a new receipt book that will contain nothing but receipts that require fruit in their composition. They ask that every housewife who reads this will send them all the favorite receipts for pies, fruit cakes, fruit cookies, fruit puddings, sauce, pickles, methods of preserving, serving, etc. Anything that is about using fruit in any form whatever will be acceptable. Write very plainly, sign your name and address, and send to the address below and in payment for your receipts one of the *Fruit Receipt Books* will be sent you free when it is published. It is an excellent opportunity to get a valuable book with little cost. Address *FRUIT*, Dunkirk, N. Y.; Roy W. Van Hoesen, Manager.

DENTAL COLLEGE—HOWARD UNIVERSITY.

Do you want an education that will be profitable? In no profession or calling is there a more immediate return of cash for educational training than in Dentistry.

Lots of medical men go out of practice because of the discouragement of non-success. Hardly even a dentist. As a rule his business is cash, or may be so, and his expenses little or none, with medical or legal work. His office hours are easily regulated, and he is not called up at all hours of the night to see the sick. His calling is a most respectable one, and gives him entire into society as fully as any profession.

Among the colored people of the South Dentistry is fast coming into demand. The race is getting money, and with money comes demands for dentistry. Every month comes to us calls for a "good, capable colored dentist" south. No brighter prospect anywhere.

You can get a first class dental education at Howard University in the city of Washington for less than it will cost you for a most any other profession. Medicine, in all the schools takes four years. Dentistry only these. A good common school education is all you are required to have.

A few simple instruments, a few inexpensive books, all these useful in after life, are all that you need. Living as cheap as you choose to make it.

College fees, only \$600 a session. Think of getting a paying profession for less than \$600.

A Medical man waits years for practice, and then gets it some times by accident. A Dentist gets work from the start. Do you know any good dentist who is not fairly busy, and has not been so ever since he took his office? Not unless he has neglected his work, or failed to keep himself in training. Write for college catalogue, which will tell you all about the Dental College.

Address Dr. F. J. Shadd, Secretary, 501 F. St., n. w.

It is important to know what you are talking about and to whom you are talking.

The Texas delegation is still in the city looking for the "lost cause" and wondering why some people will make fools of themselves. Since the decapitation of the late N. W. Cuney, the white man who was put into power has given the Texas Negro the cold shoulder. Some of the disappointed members from the Lone Star State have come to the conclusion that they have made fools of themselves. They now declare that President McKinley can get no more delegates for a renomination.

0 0 0

An old politician remarked a few days ago that the new leadership that President McKinley has placed in power doesn't seem to have any influence with him. If any appointment of a prominent colored man is made, some white man has to recommend him. It was not so under the Bruce-Lynch regime.

There is a movement on foot to resurrect the old Afro-American League. What the Negroes need is a man at the head of such an organization. It is about time for a change to take place in the Afro-American body politic. The Afro-American League of Pennsylvania, dropped the word republican at its last convention held at Reading, Pa. This was perfectly right. The Negro is beginning to be an uncertain quantity.

It is mooted among colored attorneys, that a bill will be presented to Congress amending the bill recently passed, allowing appeals from the police court, upon a writ of error, to the extent of allowing such appeals without cost to the defendants. The bill does not give any relief to poor people, for the reason that they are not able to pay costs of court.

There is a great deal of wife beating going on in this town, to which there should be a stop put. The judges of the police court should recommend to Congress the passage of a bill fixing a penalty for wife beaters that they would remember.

A man who whips his wife or beats her without cause, should be given 9 and 30 on his naked back, and in addition be sent to the workhouse for 30 days, or 11 months and 29 days, in extreme cases. If there were such a law in force, the court would have less occasion to sentence men for beating their wives.

Among the many candidates for the Excise Board are ex-Gov. P. B. S. Pinchback, of La.; Mr. Daniel H. Murray and ex-Col. editor of Taxes, John F. Cook.

Mr. Pinchback is being urged by the Louisiana politicians, while Messrs. Cook and Murray are being pushed by the citizens of the District.

The fight will be a hot one. Mr. Murray is being opposed on account of his politics, while Mr. Cook is being opposed because it is claimed that he has been in office long enough. The same objection is raised against Mr. Pinchback. From what I can understand, the Administration will appoint a man who has a large State following and who has been of great service to the party.

The outlook is that some dark horse will be appointed.

There is to be a change in the city post-office shortly. The President intends to appoint a representative Republican to the place. The presumption is that the new city post-office will be christened by a Republican postmaster.

0 0 0

The District Republicans have been waiting for the appointment of some colored man to a position in the police court. The court is entirely Republican, and two-thirds of the prisoners to the court are colored, and yet the judges have not seen the importance of appointing one colored republican.

THE AFRO-AMERICAN LEAGUE CONVENTION.

From The Defender.—

The Afro-American League Convention which assembled at Reading, Pa., on Tuesday and Wednesday last was one of the ablest bodies of its kind that ever met in the history of the State. Almost every class of our citizens was represented, demonstrating great ability and aptitude upon the vital questions looking to the development of the interests of the race. The session was harmonious throughout, and the discussions as can be seen by the reports from the correspondence, were able and interesting. Mr. Catlin, the chairman of the convention, displayed great ability in his management of the affairs of the body, and but for the factious demonstration on the part of his friends from Pittsburgh and Allegheny, would have been re-elected president of the league. The platform and resolutions adopted by the organization reflects credit upon its deliberations. The greatest controversy during the whole session was caused by the efforts to change the name of the league from the Afro-American League of the State of Pennsylvania, eliminating the word republican so as to obey the best of the political bosses. Whilst the position of The Defender is clearly defined, yet there are times and circumstances when a race cannot be tied down absolutely to partisans slavery, and it is not possible to suppose that every member of the race can think alike in politics any more than they can do in religion. Honest differences of opinion should be allowed and tolerated upon all questions effecting the general interests and welfare of our people. Aside from this narrow partisan heresy, the convention was a success in every way. We think that its influence will be far-reaching and effectual in giving greater impetus to that independent spirit so highly essential for the attainment of intelligent citizenship. We think we can see the beginning of the end of corrupt political influences in the political organizations of our people, and when the next convention shall assemble we believe that ignorance and selfishness will have become extinct, and the higher aim of our aspirations will be realized not only in the issues presented for our deliberations, but in the selection of the individuals who will become the leaders of the next National League. The Defender congratulates Mr. Catlin and Mr. Goodall, the chairman of the executive committee for the splendid and interesting session which must leave a favorable impression upon the citizens of Reading without regard to race, color or condition.

ROUND BAY.

The attention of the citizens Washington, societies, churches and other organizations, is called to the opening of Round Bay, the Palasades of the Chesapeake Bay. In another column of this paper will be seen the advertisement of this popular summer resort. This beautiful place, will be under a new management this year. Rev. S. R. Hughes of Baltimore, Md., will have full charge of arranging for picnics and excursions. The citizens of this city are requested to apply at the office of The Bay for any information they desire for the renting of these grounds. Rev. Hughes is one of the best known divines in Baltimore, and will do all in his power to make the people satisfied when they go to Round Bay.

KARL XANDER.

One of the best known citizens in Washington, is Mr. Karl Xander, 439 K street N. W., and one of the foremost leaders in business. He is a gentleman of refined manners, whose reputation for square dealing with his fellow man is well established.

There are several brothers of Xanders whose reputation is well established. There are several brothers of Xanders whose reputation is well established. The fight will be a hot one. ROYAL BLUE TRAINS.

Between Washington, Baltimore, Philadelphia and New York.

In September last, railway officials from London were sent to America to get ideas on the railway passenger service of the leading lines in this country, and in their official report, which was printed in the London Times in January, it was stated that the "Royal Blue Line" series of magnificent passenger trains, running between New York, Philadelphia, Baltimore and Washington, lead the world for quick and exquisite train service.

The "Royal Blue Line" service consists of nine elegant passenger trains a day in each direction between the cities named above. They are the finest and fastest trains in the world. Their equipment was built especially for the service by the Pullman Company, and includes every modern convenience known for the comfort of passengers. The trains are vestibuled from end to end, and hauled by the strongest and fastest locomotives in the United States.

The exquisite day coaches of these trains are worthy of special note. They are beautifully upholstered, each containing a washroom and smoking compartment.

The parlor cars are the most palatial ever built, being fully seventy-three feet long. In addition to this service, three new parlor cars were added in April, and are the first of this kind ever run; they are richly upholstered and ornamented throughout in most beautiful designs. A ladies' retiring-room is provided in one end of the car. This room, which is six feet square, is furnished with a beautiful dresser with large mirror and a number of drawers. On each side of the room are upholstered corner seats. In another corner is a bookcase and stationary washstand. The room was designed for especial comfort of ladies, who have always claimed men had the best of it when travelling. The usual smoking apartment, however, is at the opposite end of the car.

The dining cars are operated by the Baltimore & Ohio Railroad Company, and especial attention is given to the menu. Every delicacy is served in season, and the service is unsurpassed.

In addition to the already perfect service of "Royal Blue Trains" mentioned above, there will be put into service May 15 a "Royal Limited" train, which will leave New York at 1:00 P. M., making the run to Washington in FIVE hours. Returning, the "Royal Limited" will leave Washington at 3:00 P. M., arriving New York at 8:10 P. M. The "Royal Blue Line" will then boast of three trains which make this extraordinary fast time between Washington and New York, which has never been attained by any other line.

The "Royal Blue Trains" between Baltimore and Washington make the run in FORTY-FIVE MINUTES—the fastest regular service ever attained between the two cities.

The terminal at New York City is the most convenient for all points in Greater New York. Passengers can land at South Ferry (Whitehall Terminal), where, under the same roof, connection is made with the elevated lines of the Second, Third, Sixth and Ninth Avenues, and the Broadway, Lexington and Columbus Avenue Cables. All the Brooklyn Ferries also start from this point, and by taking

ADVANTAGE OF

BAILEY'S IMPROVED TRUSS.

It adjusts itself so perfectly to the figure that it is impossible for it to become displaced.

It permits the utmost freedom of motion with perfect safety.

All uncomfortable and injurious steel spring pressure is avoided.

The pad is held in place by woven bands, which retain an equal pressure in all positions of the body.

It can be worn in bed, a great desideratum to the young as tending to a perfect cure.

It is the only suitable truss for children and females.

The proper amount of pressure can be brought to bear and maintained in any position without pinching or harm to the wearer.

It will cure hernia if placed on the patient sufficiently early.

Excepting umbilical, it is the best truss ever offered for all kinds of hernia.

It is so perfect and comfortable in its adjustment that the patient in a short time forgets he is wearing it.

(See the certificate of Mr. Daniel Johnson.)

Sent postage paid to any address on receipt of price; \$3 for single and \$4 for double truss.

In ordering, give location of hernia, right or left side, and measurement.

Satisfaction given or money refunded when the truss is returned in good order. Address:

THE WASHINGTON BEE.

HOTELS.

IN THE BEE.

Emma: You have been complimented for your excellent work. Strict discipline is what is necessary.

Estelle: A young lady should be well supplied with escorts. Never depend on the company of one male.

Ohio: Your letter was too indiscreet. It is in bad taste to use vulgar terms or slang; always display good manners.

Lulie: It was Fred Douglass who first offered a son to Major Andrews. History of the negro soldiers will enlighten you.

Ella: Old coals will kindle some times. Fond recollections of the past generally recalls to one's mind loving events.

E. P. Do not expose your ignorance to young men. They often take advantage of it.

M. P. Dressing is an art and few girls seem to appreciate the fact. You should always dress with taste.

D. T. Nothing is more distasteful than to see a crowd of girls assemble gossiping about frivolous matters. Useful and beneficial topics should always occupy the mind of a young girl.

S. T. Too much familiarity often leads to disagreements and unpleasantness. Never allow yourself to get too familiar with any one.

B. M. It is generally the rule. One is very seldom sought after until some thing is needed. Some girls are difficult.

I. T. Society should be polished and polite. "A loud laugh portrays a vain mind."

Ola: You should have resented the insult at once. A pretentious man will pretend that he has great interest in your welfare.

Esie: Take my advice and never go on a common excursion. I am opposed to girls going on excursions unaccompanied by parents.

N. B. You did the right thing to refuse wines offered you. The manner was vulgar as well as the place.

C. W. Such a person who pretends to so many should not be trusted.

E. S. It makes no difference whether you were engaged to him or not. Circumstances have separated you. The friendship that once existed should not be tolerated, if you have accepted an engagement ring from another. Give him to understand in plain English that his company is not acceptable.

D. H. If you girls will permit long courtship, it is your fault. I have a poor opinion of a young lady who would ask for a present from a gentleman to whom she is engaged.

E. Never place yourself under obligations to any one. It is better to be poor than to place yourself in such a position.

Jeanette: My opinion is that your manners were rather rude. Sedateness and polite manners will win all the time.

Minnie: You should always attend to business as you are directed. Never talk your business to other people.

Marie: You can be pleasant always, but be positive in your business relations.

It is quite easy for one to misjudge your meaning.

L. E. S. Your selection should be appreciated, I am sure. You should remember however, that an intelligent girl should not marry below her station nor should she be intellectually a man's inferior.

Y. M. One's house affairs should not be exposed to the neighborhood.

Talkative girls are not to be trusted with secrets. My advice is to confide in but a few.

M. B. C. Never attempt to look upon one with contempt. You never know when you will be compelled to go to him for aid and succor.

E. Q. I would advise you to be honest in your dealings with your associates. Nothing commends a young woman more than honesty. You must be a positive character. When a young man loses confidence in you, it would be better to find another companion. Your lady that commands the respect of any man is a jewel.

Flirtation: In reply to your letter of yesterday, I would suggest that you discontinue such practice. A few men have confidence in a young girl who obtains her acquaintance by flirtation so refined and cultured young lady will carry on flirtation with any man no matter who he may be. I have a little faith in office holders. A majority of them spend their money before it is drawn.

Ana: It is in bad taste to allow a young man to meet you at a place of amusement. He should certainly take one evening off to escort you to the place of amusement.

Punch cards: No young lady should take punch cards to solicit money. It is vulgar and no lady of refinement and education would be guilty of such impropriety, money for churches should be collected differently. The lady will either be insulted or her intentions may be misconstrued.

National Federation of Colored Labor
of the United States organized
Saturday May 28th, 1898 and officers
elected.

Chicago, May 21st, 1898—Recognizing
the fact that in the past years without
any national organization, the advancement
and progress of the colored people in the
industrial avenues of life has and is seriously impaired without
a national organization, and what
we need now as a people for the laboring
classes of our race is to secure all
possible intelligent means more em-
ployment for our boys and girls that
are growing up all over the country.

At a meeting held in Chicago, May
28th 1898, the National Federation of
Colored Labor of the United States
was fully organized and officers elected.
The object of this association
shall be to consolidate our race of
wage-workers in the United States into
one national organization and to
organize local councils of wage-workers
through all parts of the United
States, thereby promoting and ad-
vancing the interests of the laboring
classes all over the country.

We hold that the right to earn a
livelihood by manual or skilled labor
should never be denied us in any part
of this country on account of race or
color. This national association shall
be non-sectarian and non-political and
will not endorse or encourage strikes,
but will labor to promote the best
interest of the laboring classes, and when
controversies arise, it will be settled
and determined by arbitration.

66 UNDERSELLING. 99

That always has been our watchword, and selling sterling silver at
85 CENTS AN OUNCE—engraving free—is ample proof that the asser-
tion that we undersell every jeweler in Washington by 20% is well car-
ried out, not only on sterling silver things, but on DIAMONDS,
WATCHES, JEWELRY, SILVERWARE AND CLOCKS as well.

We want to call especial attention to our OPTICAL DEPARTMENT,
second to none in the United States, thoroughly equipped with all the new-
est and most improved appliances, including the Electric Ophthalmometer,
and in charge of our eminent specialist, Dr. F. Proctor Donahey. Un-
excelled service is guaranteed.

We're in our new store and CREDIT, at 20 per cent less than cash
prices, is going to make it a landmark of Washington. Credit is free to
every honest man and woman. Payments, a little down, a little each
week.
